The workingmen will never make themselves felt in politics until they lead

The workingmen will never make themselves felt in politics until they lead

This law raises the price of the imported sugar so that what should be retailed at five cents costs the consumer cight cents, and this enables the Louisian agrows alone, it is charged upon toonal shooting affray in the Riggs House cofe, in which two ladies and a gay deciver were involved. A man accompanied by a petite blonde came in and took a seat at a table. While the couple were lunching a dashing brunette rushed in, revolver in hand, and fired at the panied by a petite blonde came in and took a seat at a table. While the couple were lunching a dashing brunette rushed in, revolver in hand, and fired at the panied by a petite blonde came in and took a seat at a table. While the couple were lunching a dashing brunette rushed in, revolver in hand, and fired at the panied by a petite blonde came in and took a seat at a table. While the couple were lunching a dashing brunette rushed in, revolver in hand, and fired at the panied by a petite blonde came in and took a seat at a table. While the couple were lunching a first in the Riggs House restrain the Secretary of State of Virginia from issuing new poll books under the new apportionment of the State. He panied by a petite blonde came in and took a seat at a table. While the couple were lunching a dashing brunette rushed in, revolver in hand, and fired at the province of the same in the Riggs House restrain the Secretary of State of Virginia from issuing new poll books under the new apportionment of the State of Virginia from issuing new poll books under the new apportionment of the State of Virginia from issuing new politics and a figure an The workingmen will never make themselves felt in politics until they lead themselves, instead of being led by rich dems regues, who, while shedding hypocritical tears over the wrongs of the laboring masses, resort to every device to reduce wages. The Philadelphia Times formilly says: "Such horny-fisted and sweat sociated workingmen as Ben Butler, of Massachusetts; John Kelly, of New York, and James Cerkery, of New Jersey, are intensely interested in the labor vote just now. In ninety-nine out of a hundred the fellow who rises up at this stage of the battle to lead the labor vote in the contest is the one who never performed an horest day's labor in his life if the could avoid it, and in most cases they are simply pretending to have a labor following to sell it out to the highest bidder. The labor organizations of the country have been so often distracted where the country have been so often distracted where the country have been so often distracted and the labor vote in the cannel of the sub-committee with the same the band this sating of those present instead the hea same in the bidder. The labor organizations of the country have been so often disgraced the grower's own statements, made at a and bedeviled by small political traders that they have generally risen above ish, La. Respecting the proceedings of their hypocritical speculations, and that meeting, we read: "After a careful Knights of Labor have the ablest and the most faithful organisation ever possessed by any of the many labor associations of the past, and they won't be led. of July to the rolling season, and to sevor traded, or sold, or cheated into any enty-five cents a day with rations, or erskites." Ben Butler's hands feel like a lump of mush. A millionaire, living in juxurious splender, he knows nothing of this hardships and wants of the working classes. Yet he appears in the Chicago Democratic Convention, and is strolling ever the country with the vote of the workingmen in his capacious pocket ready to sell it to the party that pays the highest price. The New York Tribine is the personal organ of Blaine. White, sugar we use.

These are the great wages offered by men on whose account we are all taxed two cents and a half a pound on our sugar, and to these starvation wages are evidently added starvation wages are evidently added starvation meals, for the Louisiana sugar lords value each meal in a day at five cents. Five-cent meals and fifty cents a day is a splendid outcome, to pay two highest price. The New York Tribine in the real wages offered by men on whose account we are all taxed two cents and a half a pound on our sugar, and to these work night and day. The monument is already the highest structure in the world's trade to work night and day. The monument is already the highest structure in the world except one, the cathedral of Colore work night and day. The monument is already the highest structure in the world except one, the cathedral of Colore work night and day. United States. The rich manfacturers facturers are reducing wages, and import-WANTING IN EXPERIENCE. The Republicans have great contempt for Cloveland's record. They sneer at the absurdity of electing a man President of the United States who has been in public life only four years over an experienced man like Blaine, who has the experience of twenty years. Cleveland's timex perience is his tower of strength, and Plaine's long experience is his greatest tower of strength, and Plaine's long experience is his greatest tower of weakness. In discussing of a strike into consideration—a feet to such methods of campaigning only illustrates the desperate straits to which the Republicans are reduced. Such a mode of warfare, however, is not apt to gain any votes for the Republican nominee. On the contrary, when the trick is exposed the workingmen will be very apt to show their disgust by prompting the first product of the amelioration of the working class. The resort to such methods of campaigning only illustrates the desperate straits to which the Republican nominee. On the contrary, when the trick is exposed the workingmen will be very apt to show their disgust by prompting in the product of the amelioration of the working class. The resort to such methods of campaigning only illustrates the desperate straits to which the Republican nominee. On the contrary, when the trick is exposed the workingmen will be very apt to show their disgust by prompting the product of the amelioration of the working class. The resort to such methods of campaigning only illustrates the desperate straits to which the Republican nominee. On the contrary, when the trick is exposed the working class.

the objections to Cleveland, because he has had no experience beyond that of a reform mayor and a model Governor, the New York Times says: "It is the opinion of certain of the advocates of Mr. Blaine that Grover Cleveland has had no experience in public affairs. It Mr. Blaine that Grover Cleveland has had no experience in public affairs. It is true that he has been an admirable mayor of an important city, and an exceptionally able and upright Governor of continually able and upright Governor of the continual of labor in the produces. Suppose in all cases of dispute the workmen should merely protest, but do nothing; would employers pay, on the whole, as well as where there is no danger of a continual of the continual of the continual of the continual of the continual of labor in the produces. Suppose in all cases of dispute the workmen will be wasting breath to try his hand there. The tariff? Well, we won't fight about that. North Carolina is a mild protection State, but we are satisfied with the platform adopted at Chicago." the chief State of the Union, but strike? The employers show that they it must be confessed that he does lack that practical acquaintance with public affairs which certain other prominent men have enjoyed. For example, Mr. Cleveland never had any experience in the art of using his position as an officeholder as a means of enriching himself. He has never obtained stock in a railway company on the plea that as mayor of a city or Governor of a State he had rendered important services to the company, and could undertake in the future not to be a deadhead. It is probable that should he be cleeted President of the United States he would not have the least idea how to it must be confessed that he does understand the value of strikes, by themrailway stock. This lack of knowledge by bringing the contestants to deliberagained the slightest experience in the art of combining national diplomacy with the enforcement of private claims against a foreign government. Were he President, involve the United States in war with Take the power to strike from the workoncern. In his ignorance of public would be mere puffers of useless breath. ffairs Mr. Cleveland would inform the The power to strike is an important and and beyond instructing the servants to not destroy that value. BLAINE'S INDISCREET BOY A few days ago Emmons Blaine, son of the race a walk-over with Cleveland as a this, such as a strike from refusal to work with non-union men; but in this, before either of the Chicago conventions were held Blaine repeated is always the same—to sustain present rates or to improve them. Employers edly said that Cleveland was the most formidable man the Democrats could put forward, but that he had little fear the party would have the good sense to name his visit to Washington this week that Cleveland daring his visit to Washington this week that the Chattanooga Tradesman, an excellent monthly trade publication, and a strong supporter of the interests of the strong supporter of the interests of the party would have the good sense to name his visit to Washington this week that the Chattanooga Tradesman, an excellent monthly trade publication, and a strong supporter of the interests of the approximate the not between the number of the heurs think the others are fool—is, as they will have to yield in the end. As last as the men struck they reported at the headquarters of their nespective unions. About thirty-five employers allowed the men to go to work upon their own terms. Hugh McMahon, who has charge of the erection of the new Cotton Exchange, says: "The building trade is wery lively. I do not think boss builders can short to have the men go on strike for any length of time without suffering great loss. Nearly all the large builders will grant the demand." The strikers call in that they can stand it longer than the employers, and will hold out six and the men to go to work upon their own terms. Hugh McMahon, who has charge of the erection of the new Cotton Exchange, says: "The building trade is were firming in honor of the builders the nine hours think the others are fool—is, as they will have to yield in the end. As last as the men struck they reported at the headquarters of their end to win the end of the men struck they reported the nine hours think the others are fool—is, as they will have to yield in the end. As last as the men struck they reporte pitalist, pronounces strikes on the part him.

issue it says of recourse to a strike:
"We say it is not the only mode, but that it is really no mode at all, because that it is really no mode at all, because that it is really no mode at all, because that it is really no mode at all, because the interior is said that the present strike among men engaged in the building trades was in the vast majority of cases where it is directly encouraged by emissaries sent applied the results are the reverse of helpful to those putting it in practice."

On the contrary, it is very frequently successful, and oftenest successful when its power fails to appear on the surface.

directly encouraged by emissaries sent among them. If a general strike could be accomplished and the laboring people brought to want, then the argument will be presented that all the trouble is due to the administration of Gov. Cleveland, who is charged with vetoing all the bills of the amplioration of the specific production o

WITH MAY mean "Poisoned with Potash." This is the case with hundreds who have been un-wise enough to take Sarsaparilla, Potash mix-tures, eld., until digestion is almost fatally im-paired. Swift's Specific if a vegetable remedy, and restores the system to health and builds up the waste made by these poisons.

But Finally Relieved by S. S. S.
"I was suffering with Blood Poison, and treated several mouths with Mercury and Potash, only to make me worse. The Potash took away my

CHICAGO, July 21.—In a room in a questionable quarter of the city this morning during a quarter learner Ludkemp, a young German, shot and instantly killed his mistress, known by the name of Daisy Clifford. He then blew out his own brains, dying in a few minutes. The girl's real name was Ida Harvey. She came here from Racine, Wis.

CHICAGO, July 21.—In a room in a question and give me d'appeais, and both give me rheumatism. I then took Sarsaparillas, etc. All these Sarsaparilla mixtures have Potash in them. This made me still worse, as it drove the poison farther into my system. A friend insisted I should take Swift's Specific, and it cured me of the Blood Poison, drove the Mercury and Potash out of my system, and to day I sm as well as I ever was."

GEO. O. WELLMAN, Is

St. Louis, July 21.—S. S. Hutchins, chief clerk in the office of Maj. H. O. Brust, of the United States Engineer Cerps, of this district, disappeared or absconded Saturday, leaving his accounts about \$1400 short. Detectives were put about \$1400 short. Detectives were put about \$1400 short. Detectives were put about \$1400 short.

Dallas, July 21.—To-day, in Trinity river bottom, an officer succeeded in cap-turing Robert, alias Sonny Mosely, Wil-liam Mosely and James Gillaland, alias

THE NARROW ESCAPE

Boston, July 21.- The excursio steamer Empire State had a narrow escape vesterday from a terrible disaster. She left Boston at 10:30 a.m. o'clock for a trip along the north shore, having nearly 1300 passengers. In returning the inside route between Thatcher and Rockport was taken, and when about half way through the channel the boat struck the ledge. The passengers were mostly on the upper turned to this city. The boat is fast sinking at the Gloucester wharf. The Empire State has run in those waters for
